## General Instructions

**Use of Form 1120X.**—Form 1120X may be used to correct a corporation income tax return that was previously filed on Form 1120 or later adjusted by an amended return, claim for refund or an examination of the original return. Internal Revenue Service prefers that Form 1120X be used rather than Form 1120 or Form 843 since it is designed to expedite processing.

A claim for refund may be filed within 3 years from the time the return was filed (returns filed before the due date are considered filed on the due date) or within 2 years from the date the tax was paid, whichever is later.

Do not use this form in lieu of application for refund on Form 1139 or a quick refund of estimated tax on Form 4466.

**Attachments to the return.**—If the corporation income tax return or instructions requires a schedule, statement, or form to support an item of income, a deduction or credit, etc., attach the appropriate schedule, statement, or form to explain any change.

**When to File.**—Form 1120X may be filed only after you have filed your original return.

**Where to File.**—Mail this form to the Internal Revenue Service Center where you filed your original return.

## Specific Instructions

## Part I

**Column A.**—Enter the amounts shown on your original return or as later adjusted by an amended return, claim for refund, or an examination of your original return.

**Line 11—Overpayment.**—Enter the amount received (or expected to be received) or credited to estimated tax as shown on line 34 of your original return. That amount must be considered in preparing Form 1120X since any refund due from your original return will be refunded separately (or credited to estimated tax) from any additional refund claimed on Form 1120X.

**Line 13—Tax due.**—Make your check payable to "Internal Revenue Service" for the amount shown on line 13 and attach it to this form. Do not use the depository method of payment.

**Line 14—Refund.**—If you are entitled to a refund larger than the amount claimed on your

original return, Form 1120X should show only the additional amount. This additional amount will be refunded separately from the amount claimed on your original return.

## Part II

**Line 2—Surtax exemption for component members of a controlled group of corporations.**—Under the provisions of section 1561, the surtax exemption for component members of a controlled group (see section 1563) is either \$25,000 divided by the number of component members or that portion of \$25,000 determined in accordance with an apportionment plan.

A controlled group may elect under section 1562 to claim multiple surtax exemptions. (However, for those taxable years beginning after 1969 and ending before 1975, section 1564 provides that only one member of the group may claim the full \$25,000 with the others being limited to a reduced amount. Special tax computation rules apply to taxable years beginning in 1974 and ending in 1975. See example (7) of section 1.21-1(n) of the regulations and Form 1120-FY.)

**Line 5.**—If the alternative tax applies, write "ALT." next to the entry.
